THE MINISTER OF PETROLEUM AND NATURAL GAS (SHRI MANI SHANKAR AIYAR): (a) to (e) PDS kerosene and domestic LPG are subsidized products. In addition to the Government subsidy, oil PSUs have been sharing the burden by not passing the full increase in international prices on to the domestic consumer prices of these products. During the first half of 2004-05, the estimated provisional under-recovery/subsidy on these products was as follows:

Product	Government Subsidy	Oil PSUs' under-recoveries	Total Subsidy-under-recoveries
PDS Kerosene (Rs./litre)	0.82	7.05	7.87
Domestic LPG (Rs./Cylinder)	22.58	113.03	135.61

As per current Government policy, the Government subsidy on these two products is to be phased out over a period of five years effective 1.4.2002, *i.e.*, Government subsidy would be available upto 31.3.2007. The requirements of BPL families is invariably borne in mind in determining pricing policy.
